Saturday	Lake Norman / Wytheville -> Canonsburg, PA	310-420 mi	4.75-6 hrs	HOME by 12:00 - 12:30 PM!

HOW TO NAVIGATE IN WAZE & GOOGLE MAPS

1. WAZE LIMITATION: Waze does not support multi-stop custom route files (.gpx) or chaining 4 stops. In Waze, you can only set ONE main destination and add ONE intermediate stop ('Add a stop').
2. THE SOLUTION (DEEP LINKS): This guide and the companion 'trip_navigator.html' contain direct Waze deep-links. Tapping any 'Waze' button on your smartphone automatically launches Waze to that exact stop.
3. GOOGLE MAPS MULTI-STOP: Google Maps DOES allow full chaining. We have created a pre-built master link that loads your complete route with all 4 stops pre-programmed with a single tap.
4. **TOLL PASS: E-ZPass covers Pennsylvania, West Virginia, and Florida Turnpike. Mount it before departing.**
5. **BOURBON ALLOCATED DROP: Check buffalotraceditillery.com at 7:00 AM while passing Columbus.**
